

Tis the season to be jolly

MERRY CHRISTMAS!

Excitement builders
for the season ahead

1. Wrap up warm and take a walk to see all the local neighbours outdoor lights & trees.
2. Consider your own version of a Christmas Story Script such as your version of The Night Before Christmas or a Nativity Remastered
3. Light some candles that remind you of winter, zesty fruit and spices; Oranges, Cinnamon & Pine - easy to find in local shops.
4. Food... a little feasting on things that are treats and winter warmers are a winner too.
5. Christmas Movie Selections - consider your holiday top 5 and plan to watch them with your family or even as a watch party on line.
6. Games, Games, Games - silly joke games, board games, card games. Get stocked up , stay safe and have fun.
