Light in the Darkness

Most of us remember playing hide and seek at some point in our life. Anthony, one of Impact Team Leaders, has shared his experience.

I have had so much fun when I was a young person playing hide and seek. Growing up in the Caribbean, this game can last for hours before someone finds you. Sometimes we would hide up in the Cashew tree or down low in between the sugar canes fields. These places are good hiding places because it can be dark and hard to be seen. However, looking at this from a Christian perspective we are not meant to hide away, rather we are meant to stand out and shine our light into those dark places. Currently, some of our friends and family situations can seem dark and this is when we need to shine brightly like the stars.

In Isaiah 42:16 it says,

“I will lead the blind by ways they have not known, along unfamiliar paths I will guide them; I will turn the darkness into light before them and make the rough places smooth. These are the things I will do; I will not forsake them”.

We are called to help others see the light that we have in our lives, so during this pandemic, we need to make sure our lights are shining brighter than they ever have before so that people in our communities will see God’s amazing Light of Life.
