

SPREE CENTRAL - 3rd to 5th July 2020

SERVICE CREW APPLICATION

PLEASE READ THESE NOTES BEFORE COMPLETING APPLICATION

Applications are invited from young people aged 16+ to join our Service Crew at Spree. Being a Service Crew member is a responsible position and your young person will be expected to work hard and set a good example to the young people at the event. In return, they'll receive a discounted weekend rate which includes their camping fees, food and a special Service Crew-only activity session. During the event, they will be involved in helping supervise and run activities, set up venues, litter picking, stewarding, security and other jobs relating to running a successful event. Service Crew members are not eligible for indoor accommodation and will be expected to camp, so will need to bring a tent, etc. with them - food is provided. There is a section of the campsite reserved for Service Crew.

Service Crew members need to bring a completed Parental Consent form with them - although, if they are over 18, they can complete the details themselves.

Service Crew members aged 18 and over must have valid DBS disclosure and should be included as part of your DBS Declaration (*see separate form*), if Urban Saints are not responsible for providing your DBS checks. For groups where Urban Saints are responsible for your DBS checks (Energize Plus groups), we will contact any Service Crew members requiring DBS checks.

For young people who are joining Service Crew for the first time, we may ask them to participate in an informal interview to assess their suitability and give them further information about their role. We will arrange a convenient time and venue for this, most likely during one of your regular meetings but, if necessary, via Skype or over the telephone.

We are happy to accept applications from young people to join Service Crew even if their group is not attending Spree; there is a separate application process for this. Please contact the Spree Team Leader, Peter Andrews pandrews@urbansaints.org, for more information.
